Dear Kevork and MDS Board Members,

Thank you very much for AGBU Manoogian-Demirdjian School's contribution of \$14, 239 to the AGBU Global Relief Fund for Armenia and Artsakh as a result of your incredible fundraising efforts. We are also extremely grateful to hear that you are continuing on with more fundraising initiatives and special events, which will have additional impact on our beneficiaries.

Thanks to your fundraising efforts and the community's generosity, MDS helped to supply fresh, nutritious meals through our partnership with World Central Kitchen. We are proud to say that after serving over 300,000 meals, this collaboration continues with a transition to food boxes being distributed to 56,000 people this month. These boxes contain the ingredients needed for our beneficiaries to cook for their families and start to make their temporary houses feel like homes.

Thank you again for helping AGBU provide the best possible care we can to those Armenians that need it most and for MDS' ongoing commitment to the growing humanitarian needs in Armenia.

Gratefully yours,

Karen Papazian
Director, Development and Outreach
